

# **National March on Washington for Jobs, Peace, Affordable Healthcare for All And For an End to Foreclosures and Evictions**

**Whereas**, US involvement in wars and the US military aid to other countries are making the people of the US and the world less safe; and

**Whereas**, these wars and military aid are bankrupting the people of the US, who are already suffering from staggering job losses, foreclosures and a broken healthcare system; and

**Whereas**, despite the so-called economic recovery, the economic crisis for working people has continued unabated with growing unemployment and continuing home foreclosures and evictions; and

**Whereas**, this economic crisis has resulted in the underfunding and degrading of public education and social services; and

**Whereas**, there is a growing opposition to the wars and occupations in Afghanistan and Iraq by a majority of the people here in the United States, not to mention the great and ever-growing opposition by the citizens in Afghanistan and Iraq; and

**Whereas**, these wars are costing billions of dollars each month;

**Therefore Be It Resolved** that the California Labor Federation calls on the AFL-CIO and Change to Win to organize a Solidarity Day III march on Washington, DC, in the spring of 2010 to demand jobs, housing, healthcare, full funding for public education and social services and peace;

**Be it Finally Resolved** that we send this resolution for action and concurrence to the AFL-CIO and Change to Win.
